## **About Global Unichip Corp.**

Founded in 1988, Global Unichip Corporation (GUC) has since been a pioneer in the SoC (System on Chip) Design Foundry industry. GUC is a publicly traded company on the Taiwan Stock Exchange under the symbol 3443. The company is headquartered in Hsinchu of Taiwan, with design centers and branch offices in China, Europe, Japan and the U.S. GUC provides total solutions from silicon-proven IPs to complex time-to-market SoC turnkey services. GUC is committed to providing the most advanced and the best price-performance silicon solutions through close partnership with tsmc, GUC's major shareholder, and other key packaging and testing power houses. With state of the art EDA tools, advanced methodologies, and experienced technical team, GUC ensures the highest quality and lowest risks to achieve first silicon success. GUC offers services to customers throughout Greater China, Japan, Korea, North America, and Europe. Our track-record in complex SoC designs has brought benefits to customers in time to revenue at the lowest risk.
